

## Christ's College Graduation Rate for recent four years

### Graduation Rate definition

(TRACS) Graduation rate: percentage of students who start as first-time, full-time students and graduate within six years.

The Academic Affairs Office will calculate, record and disseminate graduation rates for each graduating class by determining the number of students who entered Christ's College as freshmen, then adding students who transferred to Christ's College and subtracting students who transferred out of Christ's College, and dividing the number of students graduating by the number of students in the graduating class. (within 6 years)

	2016	2017	2018	2019
overall	74.60%	74.22%	75%	73.44%
